

"Flying Merriam," with Christy's Comedy and Novelty Show which opens at the Butler Theater Friday Night.

NOTICE.

THE MANAGEMENT OF THE BONANZA WILL CONSIDER IT A FAVOR IF PATRONS OF THE PAPER WILL REFRAIN FROM PURCHASING THE PAPER FROM ANY OF THE CARRIERS, AS THIS IS STRICTLY PROHIBITED. REGULAR CARRIERS HAVE NO AUTHORITY TO SELL PAPERS.

ENTERTAIN AT AN ELABORATE DINNER

Mr. and Mrs. L. A. Gibbons entertained at an elaborate dinner last evening for fourteen friends, the same being their guests at the Elks charity ball. The table was beautifully decorated with rare orchids. The viands were of the daintiest, the markets of the West coast being ransacked for that which would tickle the palate of the epicure. The interior of the house was beautifully garlanded with ferns, smilax and flowers. An orchestra stationed in an alcove discoursed music during the evening.

PRESENTED WITH FINE PICTURE

Grant Crumley of the Nevada Club was presented yesterday with a picture of the big fleet passing Long Beach, Cal. The picture is a work of art and shows the vessels slowly traveling along, the distance between each being almost uniform. Mr. Crumley has had the picture framed and it now adorns the walls of the club. It was secured by J. W. Landquist, who returned from the coast Wednesday, and who presented it to Mr. Crumley.

PERSONAL MENTION

Miss Dunham arrived from Reno yesterday.

Chas. Rieger returned from Los Angeles yesterday.

R. E. Tilden came in from Rawhide Wednesday. He returns this morning.

W. J. Moran returned from a business trip to Greenwater, Cal., yesterday.

W. J. Landers arrived from Death Valley yesterday after an absence of three months.

J. W. Stewart leaves this morning for Rawhide and from there will go to San Francisco to see Fighting Bob and his fleet.

Frank Peterson, accompanied by Mrs. Peterson, came in on yesterday morning's train and immediately left for Manhattan. Mr. Peterson has large interests there and will make that camp his future home.

CASE IS DISMISSED.

The case of R. W. Henry, who was charged with passing bad checks, was yesterday dismissed, as the complaining witness withdrew the complaint.

NEVADAN'S FINE SCHEME.

"Whither away, little one?" inquired Mayor Bonneau of South Bullfrog, addressing Judge Volney Hoggatt, whose altitude at the bald spot is 6 feet 5 inches.

"Hello, Bonneau. Just man I wanted see. Got scheme. Know that island yours in South Pacific, six miles long, three wide, covered with cannibals, cocoanuts, bow-legged hogs? Let's form corporation, sell island to international commission, ship all anarchists in world down there to live. Eh?"

"Have to send 'em all at once," replied Bonneau, "or the cannibals 'd eat 'em as fast as they landed."

"Nope," protested Hoggatt, "first batch'd kill cannibals, couldn't stomach 'em. Balance arrivals 'd bum round and bomb one 'nother to death."—S. F. Chronicle.

RAWHIDE WANTS FLEET OFFICERS

BUSINESS MEN WILL RUN THREE SPECIAL TRAINS FOR THEM.

With an invitation extended to the 300 or more officers of the big battleship fleet by the 8000 inhabitants of Rawhide, and backed by all the moneyed men of the new bonanza camp of Nevada, A. R. Davidson, one of the pioneers of Rawhide, arrived in this city yesterday for the purpose of making arrangements for three big special trains to carry the naval officers on a long land voyage in the mineral heart of the great sagebrush country.

Davidson is one of the lucky prospectors who secured a lease on some of the rich ground on Hooligan Hill. He is a San Francisco lad, a graduate of one of the affiliated colleges of the university, and he is going to spare no effort in the commission entrusted to him. Those behind him, who propose to pay for the special trains over the Southern Pacific and the regiment of automobiles necessary to carry the guests from Schurz to Rawhide and entertain them while there, are the several Grutt brothers, Tex Rickard, Thomas Kearns, E. W. King, John E. Pelton, R. M. Van Dora, Warren A. Miller, George Moss, the Nat. C. Goodwin Company and the banks of Rawhide.

"These people stand behind me for any amount that is necessary to see this proposition successfully carried through," said Davidson yesterday, "and today I am busy making arrangements with the railroad for that purpose. I shall consult with Secretary of the Navy Metcalf on his arrival in this city tomorrow, and I anticipate no difficulty in getting the required permission, for at least a part of the officers, to take this expedition to spend at least a few hours in the youngest and most wide awake mining camp in the United States."

"After seeing Metcalf I shall go to Paso Robles and see Admiral Evans. I propose to ascertain the day which will not conflict with the plans of San Francisco in the entertainment of the fleet in this city, and shall then be able to complete all arrangements with the officers of the fleet themselves."

The stockbrokers of Bush street yesterday promised their hearty cooperation in this plan and will lend every assistance they find possible.—San Francisco Chronicle.

BIG SHOW TO VISIT TONOPAH

J. L. Peyser, general agent of the Great American Circus, arrived yesterday to make arrangements for the appearance of the circus in Tonopah. Mr. Peyser is accompanied by four bill posters, who will put up the advertising paper today. Look for the circus ad. in the Daily Bonanza tomorrow.

LOOK AROUND YOUR OFFICE

For ledgers, daybooks, in fact for anything that may be lacking in your office, go to the Bonanza bindery. We have samples of the style of work which is turned out, but for the matter of that one does not have to visit the bindery. There are samples of our work in nearly all the offices in the city.

Our work stands as the best recommendation of the character of the stuff that we turn out. We can do anything in our line that can be done in any of the big cities, can do it as well, and give better service in the matter of prompt delivery than any other institution of the kind in the State.

Advertise in the Daily Bonanza.

STATE BANK TO REOPEN MAY 15

RICKEY AND DIRECTORS SAY THEY WILL COME TO THE FRONT.

RENO, April 30.—T. B. Rickey, of the State Bank and Trust Company, made good at the meeting of the bank directors and members of the Nevada Bank Commission at Carson City today, and indications are that the different branches of the closed institution will be reopened before May 15, at which time the application for a receiver will be heard.

Rickey renewed his offer to take over 1000 shares of the bank's stock, paying for the same \$100 per share. Director Brougher agreed to do likewise with his 100 shares, and a similar promise was made by Director Peterson, who holds 130 shares. The other directors of the bank agreed to protect their stock in a like manner.

State Treasurer Ryan and Secretary of State Douglass, who are members of the banking commission, stated that they would aid the directors of the bank in every way, but that some steps toward the reopening of the bank must be taken before May 15. If this is done, the application for a receiver will be withdrawn.

At the meeting today there were present President Rickey, Directors Mapes, Lee, Peterson, Meyer and Livingston. Directors Brougher, Bender and Woodbury were absent, but sent telegrams stating that they would protect their stock.

Cashier J. T. Davis, State Treasurer Ryan, Secretary of State Douglass, J. T. Shaw, chairman of the rehabilitation committee, and Sam Platt, attorney for the bank, were also present. Committees were appointed from among the directors of the bank to take up outstanding shares of stock held by individuals in the State, and also that which is before the courts in estate matters, in case the bank is reopened. This work will be started at once.

President Rickey stated after the meeting that, in his opinion, the bank would be reopened before May 15th.

LAGUNA STRIKE GROWS BIGGER

That find on the Miss Jessie, one of the properties of the Consolidated, is improving with every shot put into the vein and ore shoot at the 420-foot level. The lessees are a little modest about the three or four feet of ore being followed, but those who have had the privilege of going through the workings and allowed to take samples clear across the lead, are not so quiet. They say that it is the biggest find that has been made in the camp for many a day, as their assays from general samples run as high as \$800 a ton. The importance of the find cannot be overestimated. While it is in the beaten path, so to speak, it is far away from where pay values have been found on the big dyke.

All those who have been at all posted on the trend of the Mohawk, Jumbo, Combination and Red Top veins, have always predicted that one or more of them could not miss the Laguna ground, which is one of the properties of the big company. The ore shoot on that dyke is probably one of the most elusive that any mining man ever tackled. It is here and there and everywhere, but when it is found there is nothing to it but a fortune for the discoverers, and it appears that the lessees on the coy miss have found it. The discovery was made close to the endline dividing the property from the Booth company's ground, and there are several other sets of lessees working in the immediate neighborhood with deep shafts, that will try and pick up the lead and ore shoot.—Goldfield Tribune.

Public Auction.

I will sell at Public Auction, May 4th, 1908, at 10 o'clock, in the railroad yards, coal contained in car C. M. 5526, account unclaimed by consignee. We reserve the right to reject any or all bids.

and that there was no danger of its ever passing into the hands of a receiver. Rickey declared that he would make good his promise and put up the money to protect his stock.

PRICES SHOWED MATERIAL DECLINES

(By Associated Press.)

NEW YORK, April 30.—A shrinkage of half in the volume of today's stock market from that of yesterday was significant of the abatement in the demand for stocks, and the reactionary tone at the same time was more pronounced than yesterday, most of the day's sales being effected at prices below closing of the day before, and the last prices showing material declines. The number of idle freight cars April 15 was 375,770, which was pronounced the greatest total in the history of American railroading, having risen from 297,042 on March 15th, when an increased freight movement had been bringing additional cars into service, and comparing with 343,928, on February 5th, the highest figure touched in the depression following the panic. Bonds were irregular.

(By Associated Press.)

NEW YORK, April 30.—Lead steady, \$4.05 to \$4.10; Lake copper quiet, 12 5-8c to 12 7-8c; silver, 52 3-4c.
